## CAREER SUMMARY:

Solution-oriented programmer specialized in building secure web, mobile and desktop solutions using object oriented and functional programming languages. I am an ALX alumni, a subsidiary of the African Leadership University (ALU).

## WORK EXPERIENCE:

### Interwebb

Full-stack Developer | Present

- Implement UI/UX Designs, API integration (payments).
- Write full-stack application solutions for clients with JavaScript, TypeScript, and Postgres
- Collaborate with team members to maintain several projects and update features.

### The Zuri Team

Front-end Developer Intern | 05 March, 2020 - 20 April, 2020

- Built and Maintained websites for clients. Used HyGraph for content management.
- Assisted troubleshooting software.
- Created and tested applications for websites.
- Filed reports, gathered information, and performed research.

## RELEVANT PROJECTS:

### Copperbelt University Wet Lab Inventory Management System

Spring Boot | Java | React

- Built CRUD Inventory Management System for wet labs at the University
- Automated inventory management which enhanced productivity for lab assistants

### Profile

React Native | React | Spring Boot Server

- Currently building the future of career profile data tracking. An app for both web and Mobile

### Bipolar Help Site

React | C# | Spring

- Built both the back-end and front-end of a bipolar guide website
- The site uses a custom algorithm to help people easily identify cases of bipolar

## EDUCATION:

### Oct 2022 - Nov 2022 | Fullstack Nanodegree

- Upskilled and Graduated with an ALX-UDACITY Fullstack Nanodegree

### 2018 - 2022 | The Copperbelt University

- Bachelor of Science in Bioinformatics

### 2014- 2016 | Chingola Secondary School

- Graduated with 6Points (Maximum possible)

### 2005- 2013 | Ndola Primary School

- Graduated with 419 out 600 points

## EDUCATIONAL ACHIEVEMENTS:

- Vice President of High School Junior Engineers, Scientists and Technologists (JETS) Club.
- 3rd Best in Mathematics Projects at District JETS Fair
- 2nd Best Graduating student at Chingola Secondary

## SKILLS:

- Frontend: Javascript, React, Typescript, NextJs, Thymeleaf, Material UI, Ant Design
- Backend: Prisma, Nodejs, C#, C++, Java, Python, Flask, Postgres, MySQL, Docker
- Good with Design Patterns and functional Algorithms. Proficient with Data Structures.
- Good communication, Native english speaker and good team work skills.
- Quick Learner. I pride myself on being able to pick up new skills fast.
