EXPERIENCE

Planning For Tomorrow Youth Organization, Kyangwali, Kikuube, Uganda — *IT Officer and Trainer.*

MARCH 2022 - PRESENT

- Managed all the computers of the Organization, from maintenance, operating system and software installation, and fixed windows errors.
- Improved teacher's knowledge of Information Technology, Computer skills and Microsoft software programs.
- Trained pupils on programming, Computer basics and Microsoft software programs from primary four to primary seven, which has made pupils be creative and great thinkers.

EDUCATION

ALX Holberton School, San Francisco — *Software Engineering*

The ALX Holberton Software Engineering program is a 12-month(70h/week) immersive program that engages technology enthusiasts and budding software engineers in a variety of programs across in-demand, tech disciplines to prepare them for a global career as a Full-Stack Developer.

AUGUST 2021 - SEPT 2022

PROJECTS

Personal Portfolio — *A portfolio website to showcase my projects built with html and css.*

Project-link: https://github.com/nandweza/Allan_Portfolio_Web

AlflixVideoz — *A MERN Stack movie streaming web application basically built for entertainment and learning purposes as the end of my specialization curriculum at ALX.*

Project-link: <https://github.com/nandweza/AlflixVideoz>

HappyTimes — *A Web Application for my company built with NodeJs, Express, MongoDB and EJS templates. For blogging showcasing company products and visibility.*

Project-link: <https://github.com/nandweza/HappyTimes>
