A passionate, responsible and committed engineer, with a get-it-done, on-time spirit, and fair experience designing, implementing and adapting technically sophisticated software practices, as an intern developer assistant at ALX, I'll be excited to be part of an organization that is dedicated to empowering Africa's largest untapped resource - its people. With a shared vision to harness Africa's abundant human capital and transform the continent and the world by selecting, developing, and connecting 2 million young leaders to opportunities by 2030, I am eager to contribute to the growth and success of the company.

Skills

- Great oral and written communication skills.
- Ability to independently manage a project.
- Proficient in Slack, Google Drive, and GitHub.
- Programming skills in Python, Ruby, Puppet, Javascript and C.
